

Company Health & Safety Policy Statement

NB:

All of the references to the company in this statement refer to the company named above

The company recognises its duty to ensure, so far as it is reasonably practical, the health and safety of the company's employees, and others that may be affected by its actions.

The company requires employees at all levels to exercise a duty of care and co-operate in establishing and maintaining safe and healthy working conditions. They should avoid any action that may be detrimental to the health and safety of themselves, and of people around them.

The company policy is to comply with legal safety and health requirements as a minimum standard, and with relevant codes of practice.

Each individual director, manager and supervisor is expected to take care of the health and safety of employees within his/her control.

All policy statements will be regularly reviewed and revised as necessary, with any revisions brought to the attention of the employees.

The company will seek to ensure that all buildings, vehicles, plant and equipment are well maintained and meet with the health and safety standards.

The company will provide safety training and encourage awareness of safety

The company will adopt a planned approach to the management of health and safety.
This will include:

- Identification of protective and preventative measures to control identified risks.
- Introduction of these preventative measures to control these risks.
- Monitoring on an ongoing basis, the operation of the preventative measures to control the risks.

Overall and final responsibility for health and safety is that of : Darran Shave
